School Camps

Our Focus = Schools

Our camp focus is schools. Each year, Wedderburn Christian Campsite has over 4,500 campers stay at our property. Our campers enjoy a wide variety of activities, from high adrenalin to educational to creative as well as personal development programs. The majority of our School Camps booked are via 'word of mouth' and 'repeat-bookings', this in itself is testimony to our professional and flexible approach to camps.

FULLY PROGRAMMED CAMPS – teachers relax!

Wedderburn Christian Campsite staff supervise and coordinate the days programs from **BREAKFAST TO BED**. This allows flexibility for teachers to float between activities, mingle and have some time for R&R! This policy has been credited as a *significant advantage* of our campsite by regular clients.

All programmes are tailored to your school's particular requirements. *Do you have desired outcomes from your camping experience?*, we will design a program to suit addressing issues such as facing fears, team work, encouragement and environmental education.

ACTIVITIES

General activities include Abseiling, Archery, Rockwall, BMX, Mountain Biking, Bushwalking, Swimming, Flying Fox, Beach Volley Ball and **NEW GIANT SWING**. Staged activity programs are available for repeat camp programs ensuring new activities upon each visit for up to 3 years.

ACTIVITIES TO EQUIP

ECO Walk – a hands on activity for campers to learn about our flora & fauna. View our Emus, huge Insect collection and take a walk to appreciate our creation including some Bush tucker!

Initiative Games – a series of fun but challenging games/scenarios where campers get to experience first hand **life principals** such as team work, communication, leadership, group participation and **BALANCE!** After each game we analyse and discuss the group's performance and look for areas for improvement!

Survivor Rescue – this is an activity where campers are taken into the surrounding bushland and placed in a *surprise* mock **FIRST AID EMERGENCY**. The campers are required to respond to the emergency working together to manage their patient's injuries, construct a stretcher and then transport them back to camp. A true test of characters and cooperation!

ACCOMMODATION

Wedderburn Christian Campsite is well suited to meet most groups' accommodation needs. We have a total of 116 beds in cabin style accommodation. All rooms have new beds, carpet, heating and fans.

The 11 ensuite rooms all feature private bathrooms, 4 bunk beds and are situated in the Homestead and Black Cockatoo cabin. Four of the Homestead ensuites are equipped with double beds.

The 'Rosella Cabin' contains 4 rooms, each with 4 bunk beds – serviced by adjacent amenities block.

MEETING ROOMS

The 'Homestead' also consists of a 'Leaders' Retreat' room where teachers and leaders alike may take time out for refreshment and relaxation away from campers. This room's facilities include tea/coffee making, dining table and lounge area and pot belly stove for those cold winter months.

MEETING ROOMS

The Gallery – Is a meeting room located in the Homestead which can seat up to 35.

The Leaders Room – seats up to 20 for small groups or time out room. Tea/Coffee making facilities & fridge available upon request.

The Back Verandah – Small 'alfresco' area.

RECREATION/DINING HALL

Seating for up to 150 for all your performances and meetings. Flexible room set up, suitable for dining, games, small groups etc.

- 11.00 - ACTIVITIES: **Survivor Rescue**(Group 4)
Eco Walk(Group 1)
Beach Volley Ball(Group 2)
Initiative Games(Group 3)
- 12:45 - LUNCH
- 1:30 - DEPART CAMP

ACTIVITIES

Wedderburn Christian Campsite can meet your needs of an educational and physical program.

Our staff can help add some variety to your program, or we can organise the whole program for you, tailor-made to suit your group's needs.

Our activities fall into one or more of these 3 categories:
E-Educational, R-Recreational, G-Group Building & Peer Support.

Initiative Games (G & R)

A variety of games that involve 100% teamwork, problem solving, communication and group skills. A circuit of four types of initiative games is usually provided.

2 Hour Bush Walk (Guided, with talks) (R & E)

The group is taken on a guided bush walk around various parts of the property. Numerous types of flora and fauna are pointed out, including "Bush Tuckerman's Food" (seasonal). This includes historical facts and other interesting pieces.

5 Hour Bush Walk (Guided, with talks) (R & E)

The group is taken off the property, visiting 2 beautiful (swimmable) waterholes. If we supply catering for the whole camp, a packed lunch will be provided for that day.

Bush Furniture (G & R)

This includes the group breaking into small teams to construct chairs and tables, etc... using only the branches, wood and stones lying around and some provided rope. Points are awarded for various factors involving teamwork, communication and end product.

Bush Crafts (R)

This is using mainly bush materials (nuts, leaves, etc...) to make jewellery, Christmas decorations, animals, etc ...

Archery (R)

This activity is presented in a safe and professional environment, ensuring the group gains maximum enjoyment.

BMX Bikes (R)

This activity is conducted on a BMX track on site and with professional organisation.

Mountain Bikes (R)

One of our new activities is mountain bike riding with organised rides on and off site.

Rock Climbing – “The Wall” (R)

“The Wall” is purpose built for climbing. It is run with trained instructors and safety equipment, and is aimed at all groups.

Abseiling (R)

All natural-cliff abseiling is done on site with a trained instructor(s). Especially aimed at beginners and intermediates, there are two sites – one of a 5m cliff face and the other of a 15m cliff face.

‘ECO’ Adventures (E & R)

This session is designed to educate students in the flora and fauna seen around the property, but also in the larger world around us. The areas covered in this time range from water supplies and needs to emus and their habitat. There are many insects on display that the group can then visualize, as well as ‘handle’ – with many other species being set in resin (a clear substance). A brief talk is given about certain flora and fauna, and then the group is taken on a short walk on the property, which includes details and information shown and told to them. A worksheet is also supplied for the children to complete at the end of the session, or back at school.

Other Sports Equipment

A 16m swimming pool – with ‘wrestle pole’ in the middle; beach volleyball facilities; table tennis; basketball hoop (no court); cricket equipment; football/soccer equipment.

ACTIVITY STATEMENT

Participation in these activities will always have an element of risk, inconvenience and uncertainty. All programs and activities are carefully designed to be proportional to the skills of the individual and the group, therefore ensuring that no one will be forced to exceed personal limits. In this way, each individual can experience success.

Wedderburn Christian Campsite offers each participant the choice to try a potentially difficult and/or frightening challenge in an atmosphere of support and caring, while respecting individual ideas and choices.

Not all participants will wish to attempt all activities. This, of course, is respected and expected, however those who choose to partake in the activity will be given all the necessary support and encouragement in a safe environment.

If you have any queries or concerns regarding the nature of the activities, programs or equipment, or would like more information regarding our safety standards and procedures, then please contact us.

SAFETY STATEMENT & RISK ASSESSMENT

Wedderburn Christian Campsite is an organization committed to providing a safe environment for all participants in its outdoor programmes. Wedderburn Christian Campsite recognises the importance of ensuring our staff maintain appropriate levels of training and skills.

Staff Qualifications & Experience

All Wedderburn Christian Campsite staff are required to undertake a selection process comprising of a written application, face to face interview and where appropriate, visual assessment of skills. All staff responsible for the supervision of minors are 18 years and over.

Outdoor staff have appropriate experience and qualifications to conduct the activities for which they are responsible. All Wedderburn Christian Campsite camping and outdoor staff undertake regular training to update/maintain their activity skills, in accordance with accepted industry practice.

Mandatory Standards in OR (Outdoor Recreation)

There are no mandatory standards for the conducting of outdoor recreation in Australia. However, a range of guidelines exists for those working with people in the outdoors. These include:

- NSW Department of Education – Guidelines for School Excursions
- Catholic Education Commission School Safety Guidelines
- 'The Risk Management Document' – developed by The Outdoor Recreation Industry Council of NSW)
- National Training Package for Outdoor Recreation – developed by Sport & Recreation Training, Australia

All Wedderburn Christian Campsite's Safe Operating Procedures and activity curricula have been developed with reference to these documents. Wedderburn Christian Campsite maintains appropriate numbers of first aid qualified and experienced leaders on all camps.

Duty of Care & Child Protection

Wedderburn Christian Campsite recognises that it has a duty of care to participants in its outdoor programmes and camps. Wedderburn Christian Campsite therefore is committed to providing all participants with – appropriate instruction prior to commencing activities; appropriately maintained and checked equipment and; ongoing supervision and diagnostic instruction during activities.

Risk Assessment

When working with minors, Wedderburn Christian Campsite recognises the unpredictable nature of children and their reduced capacity to identify potentially dangerous situations, and structures activities to cater for these.

All Wedderburn Christian Campsite staff involved in working with children have been appropriately screened and approved, in accordance with the Child Protection (Prohibited Employment) Act 1998.

Evaluation & Review

All Wedderburn Christian Campsite outdoor programmes and camps complete an evaluation procedure. This process includes written evaluations from participants (teachers on school camps). The content of these evaluations forms the basis for any changes to future programming.

RISK ASSESSMENT

Risk/Hazard	Priority	Management Plan
Generic:		
Lightning	Severity – Medium Likelihood – Low	Monitor weather on internet. Cancel activities if lightning storm imminent.
Natural Hazards: Dead Branches, Snakes, Spiders, Ants	Severity – Variable Likelihood – Low	Staff to check for hazards before each group session. Monthly maintenance check to be carried out. Staff carry first aid kits on all activities.
Deterioration of Equipment Due to Wear	Severity – High Likelihood – Low	In-house maintenance checks to be conducted and logged.
First Aid Required	Severity – Variable Likelihood – Low	Activity staff to carry mobile phones. Supervising lead instructor to be first aid qualified.
Inappropriate Footwear	Severity – Low Likelihood – Medium	Participants only allowed to undertake activities if in enclosed shoes.
Inappropriate Clothing: Skirts, Very Short Shorts, Midriff Tops	Severity – Low Likelihood – Medium	Participants to be informed of danger of harness rubbing on exposed skin.
Skin Protection – Sunburn	Severity – Medium Likelihood – Medium	All participants are to wear appropriate clothing (including hat) and use of sunscreen.

Generic:		
Student Ability	Severity – Variable Likelihood – Medium	All Participants to be informed of 'challenge by choice' option before commencement of activity.
Unlocked Karabiners	Severity – High Likelihood – Low	Activity leaders to check each karabiner before each activity.
Poorly Fit Harness	Severity – High Likelihood – Low	Activity leaders to check each harness before each activity.
Poorly Fit Helmets	Severity – High Likelihood – Low	Activity leaders to check each helmet before each activity.
Dehydration	Severity – High Likelihood – Low	All participants advised to bring water bottle to camp.
Uninformed Participant	Severity – High Likelihood – Low	All participants are to receive the relevant safety brief from the activity leader prior to commencing an activity.
Rock Climbing (The Wall):		
Falling	Severity – High Likelihood – Low	Activity leader to check all hardware before each climb.
Bruising from Harness	Severity – Low Likelihood – Low	Activity leader to ensure harness is correctly fitted.
Participants Being Lowered too Fast	Severity – Low Likelihood – Medium	Belayers to be aware of their responsibilities before commencement of activity.
Hair and/or Clothing caught in Equipment	Severity – Low Likelihood – Low	Activity leader to ensure all long hair and clothing secured.
Emotional Distress Caused by Fear	Severity – Variable Likelihood – Low	Reassurance by activity leader and by teachers.
Feet Slipping on way down Wall	Severity – Medium Likelihood – Low	Activity leaders to take particular attention to participant's feet positioning, esp. in wet conditions.
Initiative Games:		
Participants being Dropped in 'Electric Fence'	Severity – Medium Likelihood – Low	Activity leader to monitor and assist when needed, any lifting that occurs.
Heavy Weight being carried in 'Crossing the Logs'	Severity – Medium Likelihood – Low	Activity leader to ensure that all weight is distributed in a safe manner.
Participants being Hit by Planks in 'Crossing the Logs'	Severity – Medium Likelihood – Low	Activity leader to ensure planks are carried in a safe manner at all times.
Participant's Ankle twisted in 'Crossing the Logs'	Severity – Low Likelihood – Medium	Participants to be instructed to walk slowly on planks at all times.
Initiative Games:		
Participant's Ankle twisted in 'Walkers'	Severity – Low Likelihood – Medium	Participants to be instructed to walk slowly on planks at all times.
Abseiling:		
Falling	Severity – High Likelihood – Low	Activity leader to check all hardware before each

		descend.
Bruising from Harness	Severity – Low Likelihood – Low	Activity leader to ensure harness is correctly fitted.
Participants Being Lowered too Fast	Severity – Low Likelihood – Medium	Belayers to be aware of their responsibilities before commencement of activity.
Hair and/or Clothing caught in Equipment	Severity – Low Likelihood – Low	Activity leader to ensure all long hair and clothing secured.
Emotional Distress Caused by Fear	Severity – Variable Likelihood – Low	Reassurance by activity leader and by teachers.
Feet Slipping on way down	Severity – Medium Likelihood – Low	Activity leaders to take particular attention to participant's feet positioning, esp. in wet conditions.
Injury by Falling Objects whilst on Ground	Severity – High Likelihood – Low	Area pointed out at bottom of rock face where no one can enter without a helmet on.
Participants Walking Near Edge of 5m or 15m Rock Face	Severity – High Likelihood – Low	Area marked out where no one can enter if not fitted to safety line.
Archery:		
Being Shot by Arrows	Severity – High Likelihood – Low	Participants instructed to always face targets when bows in hand and to stay in bays until all participants have fired arrows.
Being Embedded by an Arrow by Tripping when Retrieving Arrows	Severity – High Likelihood – Low	Participants to be directed to approach targets by walking only.
Splinters	Severity – Low Likelihood – Low	All arrows inspected before and at end of each activity.
Bruising on Arm from String Whip	Severity – Low Likelihood – Medium	Arm bands are available. Participants are taught correct technique.
Bushwalking/Eco Walk:		
Getting Lost	Severity – Low Likelihood – Low	Ensure that appropriate course is selected for each group based on age and perceived ability. Each group
Dehydration	Severity – Medium Likelihood – Medium	Activity leader to ensure that participants have filled water bottles and appropriate clothing on.
Injury from Falling on Rough Ground or Hard Surface	Severity – Variable Likelihood – Medium	Activity leader to ensure participants walk at all times and sufficient supervision provided for group size.
Swimming:		

Drowning	Severity – High Likelihood - Low	Activity leaders to provide adequate supervision & ensure participants do not swim beyond their ability. School to provide details of swimming abilities for all students.
BMX/Mountain Biking:		
Injury from Falling off Bike	Severity – Variable Likelihood – Medium	Activity leader to ensure participants ride according to perceived ability. Safety helmets must be worn.
Bush Craft & Bush Creations		
Injury when collecting natural bush materials	Severity – Variable Likelihood – Medium	Participants to wear appropriate footwear & to collect only within the areas specified by Activity Leader.
Beach Volley Ball (See also Bushwalking listing)		
Injury from ball or sand	Severity – Low Likelihood - Medium	Use of appropriate Volley ball only. Supervision by adult ensuring no sand is thrown.
Survivor Rescue(See also Bushwalking listing)		
Injury to participant nominated for rescue	Severity – Low Likelihood – Low	Direct supervision of stretcher assembly. Stretcher tested prior to use. Stretcher not lifted above 60cm in height. Safety Helmet worn by participant.
Injury to stretcher bearers	Severity – Low Likelihood – Low	Minimum of 6 participants to carry stretcher. Predetermined routes with tripping hazards identified.
MINI Olympics (series of indoor ball games and non ball games)		
Injury from moving object	Severity – Low Likelihood – Low	Mini Olympic games are played indoors and all games are played from a stationary position. Any ball/objects that are thrown are faced towards a wall or are of a composition that would not inflict injury. Each team is supervised by an adult and teams are required to remain within designated areas during activities.
Flying Fox		

Falling	Severity – High Likelihood – Low	Activity leader to check all hardware before each ride.
Bruising from Harness	Severity – Low Likelihood – Low	Activity leader to ensure harness is correctly fitted.
Participants falling during mount/dismount of device.	Severity – Low Likelihood – Low	Platforms in use for mount & dismount. Students given clear instructions to be aware of their responsibilities before commencement of activity.
Hair and/or Clothing caught in Equipment	Severity – Low Likelihood – Low	Activity leader to ensure all long hair and clothing secured.
Emotional Distress Caused by Fear	Severity – Variable Likelihood – Low	Reassurance by activity leader and by teachers.
Contact with obstacles eg, branch while on Flying Fox	Severity – High Likelihood – Low	Activity leaders to undertake pre operation check of obstacles prior to activity.
Giant Swing		
Falling	Severity – High Likelihood – Low	Activity leader to check all hardware before each swing. Cliff top safety procedures to be adhered to. Out of bounds area clearly marked out and participants aware of this.
Bruising from Harness	Severity – Low Likelihood – Low	Activity leader to ensure harness is correctly fitted.
Injury caused to participant from the mounting ladder.	Severity – High Likelihood – Low	Activity leaders are fully trained in Giant Swing procedures.
Hair and/or Clothing caught in Equipment	Severity – Low Likelihood – Low	Activity leader to ensure all long hair and clothing secured.
Emotional Distress Caused by Fear	Severity – Variable Likelihood – Low	Reassurance by activity leader and by teachers.
Equipment failure	Severity – High Likelihood – Low	Annual inspection conducted by suitably qualified third party.
Injury to Haul Team members tripping over or unaware of release of participant.	Severity – Low Likelihood – Low	All haul team members are fully briefed on procedures by activity leader.
Injury to spectators	Severity – High Likelihood – Low	All spectators are to be made aware of out of bounds area.

SYDNEY – CAMPSITE

Here are the details:

- Follow the M5 to the 2nd Campbelltown Exit, which is Narellan Road – take this exit then turn left and gradually merge to the right hand lane.
- A few km's down Narellan Road, you will come to a set of lights – Appin Road (also known as Moore-Oxley Road) – **turn right** at these lights.
- Follow Appin Road till you come to Woodlands Road (3rd set of lights) – **turn left**.
- Follow Woodlands Rd to the end – **turn right** onto Wedderburn Road (it is called Karrabul Road for about 50 meters, then changes to Wedderburn Rd).
- Follow Wedderburn Rd to the end – you will go through a gorge and come into bushland – **turn right** onto Minerva Road.
- From this intersection, we are 2km on the right hand side. We have signage at our driveway. The driveway winds for about 700m till you get down to camp.

WOLLONGONG – CAMPSITE

Here are the details:

- Follow Appin Road into Appin and towards Campbelltown.
- Once approaching Campbelltown, you will go through the roundabout and two sets of traffic lights.
- At the 2nd set of traffic lights, after the roundabout, is Woodlands Road – turn right.
- Follow Woodlands Rd to the end – turn right onto Wedderburn Road (it is called Karrabul Road for about 50 meters, then changes to Wedderburn Rd).
- Follow Wedderburn Rd to the end – you will go through a gorge and come into bushland – turn right onto Minerva Road.

From this intersection, we are 2km on the right hand side. We have signage on both sides of the road at our driveway. The driveway winds for about 700m till you get down to camp.

For any further directions, please contact this office.
